

MANUFACTURER OF ANTI-VIBRATION BASES FOR AIR CONDITIONING, VENTILATION, HEAT PUMPS

Product preview	Model	Dimensions L × W × H [mm]	Weight [kg]	Maximum Load [kg]	Description
	BP-250-M10	250*180*100	2*2,2	2*150	Base for air conditioning units, heat pumps, cooling units, ventilation ducts, pipelines, cable trays, cable ladders, and other technical installations.
	BP-400-M10	400*180*100	2*3,6	2*200	Base for air conditioning units, heat pumps, cooling units, ventilation ducts, pipelines, cable trays, cable ladders, and other technical installations.
	BP-600-M10	600*180*100	2*5,3	2*300	Base for air conditioning units, heat pumps, cooling units, ventilation ducts, pipelines, cable trays, cable ladders, and other technical installations.
	BP-1000-M10	1000*180*100	2*8,8	2*400	Base for air conditioning units, heat pumps, cooling units, ventilation ducts, pipelines, cable trays, cable ladders, and other technical installations.
	BP-400-10UP	400*180*100	4,3	200	Element dedicated for the BP-400-M10 support as a 10 cm elevation. The blocks can be stacked.
	BP-600-10UP	600*180*100	7,3	300	Element dedicated for the BP-600-M10 support as a 10 cm elevation. The blocks can be stacked.

MANUFACTURER OF ANTI-VIBRATION BASES FOR AIR CONDITIONING, VENTILATION, HEAT PUMPS

Product preview	Model	Dimensions L × W × H [mm]	Weight [kg]	Maximum Load [kg]	Description
	BP-1212-M10	120*120*80	4*0,8	4*50	Mini rubber feet for air conditioning units, heat pumps, refrigeration units, and technical installations – version with mounting rail.
	BP-1212-B	120*120*80	4*0,8	4*50	Mini rubber feet for air conditioning units, heat pumps, refrigeration units, and technical installations – version with mounting bolt.
	BP-3636-P41	360*360*105	6,2	150	Big Foot type roof base, compatible with 41×41 mm structural profiles, designed for mounting industrial equipment on roof surfaces.
	BP-FR41-4	1000*1000*500	41	500	Complete frame set for air conditioning units, heat pumps, air handling units, ducts, cable trays, and other technical installations.
	BP-FR41-6	2000*1000*500	70	750	Complete frame set for air conditioning units, heat pumps, air handling units, ducts, cable trays, and other technical installations.
	BP-FR41-2	1000*1000*500	30	250	Frame set dedicated for the extension of the BP-FR41-4 or BP-FR41-6 set as a continuation of the entire structure.
